OFFICE OF THE
COMPTROLLER OF THE TREASURY
Washington, D. C.,
February 17, 1902.

WHEREAS, By satisfactory evidence presented to the undersigned it has been made to appear that THE TRAMMERS NATIONAL BANK OF MT. Sterling, in the city of Mt. Sterling, in the county of Montgomery and State of Kentucky, has complied with all the provisions of the Statutes of the United States, required to be complied with before an association shall be authorized to commence the business of banking.

Now, therefore, I, William B. Ruggley, Comptroller of the Currency, do hereby certify that "THE TRAMMERS NATIONAL BANK OF MT. Sterling," in the city of Mt. Sterling, in the county of Montgomery and State of Kentucky, is authorized to commence the business of banking as provided in Section 5165 of the Revised Statutes of the United States.

IN TESTIMONY WHEREOF, witness my hand and seal of office this seventeenth day of February, 1902.

BLIND TIGER BILL.

The Farris Bill Regulating the Sales of Vinous and Malt Liquors.

An act for the better enforcement of an act approved March 10, 1891, entitled "An act whereby the sense of the people of any county, town, district or precinct may be taken as to whether spirituous, vinous or malt liquors shall be sold, bartered or loaned therein," and to amend Section 4 of said act.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

SECTION 1. In an indictment for a violation of any provision of the act approved March 10, 1891, entitled "An act whereby the sense of the people of any county, city, town, district or precinct may be taken as to whether spirituous, vinous or malt liquors shall be sold, bartered or loaned therein," or for a violation of any act amendatory thereof, it shall not be necessary to allege that a vote was taken or an election held, or any other step relative thereto; but it may be simply stated that the act or acts charged were committed in a territory where the said act was in force; and in said indictment it shall be sufficient to designate said act as the local option law.

SEC. 2. It shall be unlawful for any person to sell, lend, give, procure for, or furnish to another, any spirituous, vinous or malt liquors, or to have in his possession spirituous, vinous or malt liquors for the purpose of selling them in any territory where said act is in force, and any person so offending shall be fined not less than fifty nor more than one hundred dollars, and imprisoned not less than ten nor more than fifty days.

The possession of a United States special tax stamp (commonly called United States license) for carrying on the business of a retail dealer in spirituous, vinous or malt liquors, or the having of such tax stamp or license stuck up at the place of business in such territory shall be prima facie evidence of guilt under this section.

SEC. 3. On the second or any subsequent conviction for a violation of said act, or any of its amendments, the court shall require the defendant to execute bond in the sum of two hundred dollars to be of good behavior for the period of twelve months.

The court may, in its discretion, increase the amount of the bond, and if the bond is not given the defendant shall be committed to the county jail for a period not exceeding ninety days, to be fixed by the court.

SEC. 4. All the shipments of spirituous, vinous or malt liquors to be paid for on delivery, commonly called "C. O. D. shipments," into any county, city, town, district or precinct where said act is in force shall be unlawful and shall be deemed sales of such liquors at the place where the money is paid or the goods are delivered; the carrier and his agents selling or delivering such goods shall be liable jointly with the vendor therefor.

SEC. 5. Section 4 of said act is stricken out, and in lieu thereof the following is inserted:

"After the entry of the certificate of the canvassing board as above provided for, in the order-book of the county court, if the vote was given against the sale, barter, or loan of spirituous, vinous or malt liquors in the said county, city, town, district or precinct, as the case may be, to any person, except

Loves His Old Home and is Ever Mindful of His Friends.

A Private Letter is Given to the People Because it is Too Good to Keep.

MEMPHIS TENN., Mar. 19, 1902.
Mr. J. W. Heald, Mt. Sterling, Ky.

DEAR JOE:—I hope your time is not so much occupied that you can't spare a moment or two, in reading a letter from your old friend, not that I have any special news, but only to remind you of my high regard for you, and the high estimation for my old home folks, in the state where I first saw the sun light, and whose memories give me the sweetest recollections.

Was there I first saw the woman who was my companion for nearly forty years, whose loss to me is irreparable, and who now sleeps in the City on the hill, near the spot where she was raised, and whilst my health is perfect it won't be long before I too will be buried close by. Well the winter is about gone, we have had but few light snows and not many very cold days, March has been decidedly spring like, until the last day or so, don't think it will amount to such as the fruit and berries have not been injured. This city is improving rapidly, and its future looks promising to be one of the leading manufacturing cities of the South; An immense pump factory is being established, the plant will be on a thirty acre parcel of ground upon which they are now building one hundred houses for these workmen's families, they have bought the building occupied last year by the Confederate Veterans, which is a tremendous building built of plank which has been condemned by the authorities, thinking it, close proximity to other property, hazardous. The mule market has been strong for the past few weeks, with satisfactory prices, the high price of feed caused it to be higher than usual. The indications all point to an increase acreage, as the prices are good for all their commodities. The city is fast filling up with owners and trainers of the ponies, much interest is displayed here by the best people, and they look forward to the races, with as much eagerness, as your people did to the country fairs, I know that by many racing and race-horse people are held below par that is their privilege, but I see no impropriety in going as they are conducted nicely,

no rowdyish allowed and every protection provided for all who may attend. Must confess that the prettiest sight to me is the bouquet of living beauties displayed on the Grand Stand, and the thoroughbred horses as they pass, all eager to be first under the wire. A gentleman once asked me if I attended the races, I told him yes, then I asked him, if he thought it any more dangerous, than buying—on margin. His answer was: "he didn't know, but thought it more respectable to buy futures." Everybody's fancy is not alike. I can remember when the boom-struck your city that lots of the men run wild, thinking the day was near at hand when they would be Rockefeller—perhaps some of them can recall the time if their memories are deficient will sight them to Middleboro, Wichita and etc. This is certainly a progressive age—Wireless telegraphs and electricity, has supplanted the old mode of travel and delivery of mails on horseback, and as science is developed, people get more eager to make money, and consequently take more risks; he sides, money is power, and not many stop to inquire how you got it. The only question is have you got it? Well, I must close, as I have written more than I intended. Can't tell when I will be, in your city again, but will ever have for it and its inhabitants the fondest recollections, hoping this will find you well and doing well and with best wishes to friends and yourself.

Palma's Tribute to the United States.

President-elect of Cuba, Mr. Palma paid the following tribute to the United States: "The Government of the United States has shown a most beautiful example of good faith in dealing with a weak government which it undertook to rescue from its oppressors. It has demonstrated its generosity and patriotism, and by the shedding of its own blood has helped Cuba to break the chain which united it with Spain. Some countries would have sought some pretext for selfish gain in undertaking a work of this character, and would have taken advantage of some technicality for their own aggrandizement, but the contrary spirit has been manifested by the United States, and it has given to the world an evidence of good will seldom found. The people of the United States have remembered their own declaration of independence, and have fulfilled a duty to mankind."

For Circuit Judge.

We are authorized to announce
HON. ALLEN W. YOUNG
a candidate for Circuit Judge of this district, composed of the counties of Bath, Monroe, Lincoln and Wood, subject to the action of the Democratic party.

For Commonwealth Attorney
To the Democracy of the 21st Judicial District of Kentucky:
I am a candidate for the office of Commonwealth Attorney, Election November, 1902. My platform is subject to the action of the Democratic party.

J. H. WILLIAMS
Franklinburg, Ky.

FOR CIRCUIT JUDGE.

Hon. Allen W. Young is announced in this issue of the Advocate as a candidate for Circuit Judge of this district, subject to the action of the Democratic party.

In order to be a correct judge he must be of an analytical turn of mind, that he may take facts, circumstances and law and reason to a just conclusion. Mr. Young's rings from a family of lawyers. At his home his father, a lawyer, reasoned with his sons as he would with a court, the boys could not have had any better training, and they have therefore become well-trained and successful lawyers.

Mr. Young has been an active practitioner since a time before he had attained to his majority. In the prime of young manhood he would give to the judgeship his greatest powers.

Mr. Young is a pronounced Democrat, unwavering, yet not extreme, willing to accord to any man the right of his opinion. He is a strong man, and it nominated the powers of Kentucky Republicans against him would be of little avail.

So conspicuous have been the talents of this young lawyer that at a time when the shrewdest, the most far-seeing Democrat should be leader among Democrats, the mind of the party was turned to Mr. Young, thus giving evidence of their confidence in him, for indeed its destinies were subject to his decisions and executive ability.

Mr. Young promises his time and talents to this office if the people will honor him by making him Circuit Judge of the 21st Judicial District.

DON'T KNOCK.

I have been thinking about the often indulged criticisms of the country editor and our mental vision becomes very much obscured when we try to reconcile ourselves that our duty as a public journalist is to avoid knocking, and here and now to make a period, a full stop. Perhaps it would be of interest to note some of the blunders we were up against in arriving at a conclusion.

The thought of the skeleton horses brought to our town Court days for trade, how unsightly they are, of the impression they make on the stranger, of the danger to pedestrians, of the nuisance, and these thoughts we compared with the pleasure of the swappers, the dollars and dimes dropped by them into business places, and then came the echo of the words, spoken by a friend, "Don't Knock." While thus musing a driving storm startled us, and looking westward we noticed the water from near half the street coming our way to flood us again and thus we reasoned:

To permit the streets to be in this condition is the city's business. "Don't Knock." Again while in the depth of thought we felt the presence of some one and looking

around beheld a man in blue with brass buttons and a billy. "You wish something?" "Yes, move those ashes from the street, they are unsightly and will frighten someone's horse." We thought of those skeleton animals, lashed by swollen-faced, inhuman kind, but the words, "Don't Knock," were ringing and we just thought on and became the more bewildered.

Then awakening from a half dream we thought of some of the results of our knocking. Yonder stands a public school building and within a trained faculty making it possible for all children, rich or poor, to receive a good education. We knocked for this institution. Then, too, we remembered the run on our banks, how tightly two of them closed, and with another editor we began arguing and to day one of those institutions is the pride of its stockholders and had we knocked along and loud for the other, possibly it too would have been doing a thriving business.

We thought about the boom period; we knocked, begged the people to keep their money at home, while others reminded us it was an individual affair and no business of ours, "don't knock." We kept on, cried aloud, told of the awful drain on our institutions. The check came but not until several of our people were on crutches. Again, a water plant was a possibility and the complaint was almost general—"we will be ruined if we incur the obligation it will bring," but we argued again. The water plant is here, and if the company will do the pulling, give the rates from this source it will be possible to bring manufacturing enterprises so soon as the interurban electric system has been constructed, freight rates have reduced so that we are equal with other cities in cost of production, "Don't Knock" or "Knock," which shall it be.

In this issue appears the Farris Blind Tiger Bill, which has become a law. It is an important measure and every citizen should carefully read its provisions. Many persons may thus be prepared to avoid indictment for violating the law. Circuit Judges have begun to instruct juries concerning this new law.

We received announcement of J. H. Williams, of Frenchburg, as a candidate for Commonwealth's Attorney too late for editorial comment in this issue. It will appear next week.

Bills.

Gov. Beckham has approved 100 of the 131 bills sent to his desk by the General Assembly. Four bills have been vetoed and twenty-seven will become laws without his approval. The Revenue Bill is the most important of those to become laws without executive approval. The State Fair Bill is another important one which the Governor does not sign.

Late returns from the Democratic primaries of Arkansas indicate a legislative majority against Senator James K. Jones and in favor of former Gov. James P. Clarke.

James R. Garfield, son of President Garfield, has accepted the position of Civil Service Commissioner to succeed William A. Rodenberg.

The appointment of Dr. Thomas S. Lewis, of Lexington, as Assistant Surgeon of the Second Regiment of State militia is announced.

Work of grading began on the electric line between Paris and Lexington yesterday.

Menefee Circuit Court held for only one week; for further Facts and Observations on last page.

❖ Clothing Shoppers Easter Saturday! ❖

Thronged our store from early morn until the large hours of the night. Easter Sunday the styles are set for the Spring season in the greatest cities, and the smallest towns throughout the land. With first brush of Easter the merchant can readily see by the expression of customers and his day's business, whether the public favors his goods, his taste and his prices. This year our business promises to out-do our past efforts. Our styles embrace all that is new. The tailoring on our garments stands alone; in fact, in every branch of our store the customer will reap the benefit of trading with a house that uses clothing brains

No. 1 is the **TUXEDO DRESS COAT**, used instead of the regular swallow-tail dress-coat at stag affairs. We show many pretty weaves for this and the Regulation Dress Suit. Always glad to serve you on full dress news.

No. 2 is a mighty swell **OVERCOAT** made in a happy medium length 40 inches long, loose fitting, vertical pockets, cuffs on sleeves and slanting breast-pocket, hair cloth front with hand-padded collar. We are showing the most exclusive styles. Come and look.

No. 3 is a **4-BUTTON SACK**, belongs to the conservative, to the gentlemen who wish plain well-tailored clothes without the frills. This plain, all-round coat for gentlemen comes in the finest Martin Serges, Scotch and Cheviots, made with hair cloth (not canvass) fronts, that hold their shape. The coat fits well the form, but is happy medium in every sense. Drop in if you are hard to fit, and see how easy we can suit you.

No. 4 is the new two-button double-breasted **SACK SUIT**, introduced by the Stein-Bloch Co. late in the past Fall season, and promises to be very popular, but must be made correctly to look well, and the Stein-Bloch people are the only ready-to-wear folks who sell merchant tailor clothing. The coat should have very long concave collar, narrow lapels, full front with a trifle flare in skirt at back, outside breast pocket slanting. We show such a coat, and only here you'll find them. Serges Scotch and Cheviots in an endless variety.

For those who wish to study the styles at home, we have these cuts reproduced from living models, wearing clothes same in every detail as sold by us. The famous **STEIN-BLOCH** and **HAMBERGER BROS. MAKES**. READ DESCRIPTION.

No. 5 Young Men's new 3-button **MILITARY SACK**, made form-fitting, not tightly, long concave collar, narrow lapels, outside breast pocket cut shorter than regular sack, and a trifle longer in front at points than in back. We are showing the new greens, black and whites, browns and olives. Young men, come in and try on these clothes.

No. 6 is the young man's **NORFOLK**, made form-fitting with yoke, plait in front, one plait in back, two outside breast pockets and belt—a mighty good suit for outdoor sports and lounging. We show the most appropriate clothes, such as Cheviots, Homespun and Flannels. Drop in and try them on.

No. 7 shows the Coat and Pants Suits Stein-Bloch make, which means style and shape-holding qualities. These tropical flannels, worsteds and homespun have become very popular in the last two or three seasons for summer wear. The goods is light and they must be made well to hold their shape. The Stein-Bloch clothes always have a touch of smartness not found elsewhere. Come and see.

No. 8 is the English **TOP COAT** made by the Stein-Bloch Co., 30 and 32 inches long, sleeves have five rows of stitching, collar is stitched also to match cuffs, hair cloth front, long concave collar, loose fitting. We show tans and greys in covert cloth, blacks and whites in Scotch. Come and try on.

IF YOU DON'T SEE

The style you wish, ask for it here; we can supply you. And in addition to the best and largest stock of Clothing in Eastern Kentucky, we sell **KNOX** and **STETSON HATS**, The Walsh Hat; Edwin Clapp's, W. L. Douglass and Eclipse Shoes; Manhattan and Eclipse Shirts; Louis Auerbach Neckwear, and Wilson Bros. Furnishings. Remember the brands, nor these styles correctly made, can be found in this city outside this store.

FACTS AND OBSERVATIONS

On a Trip to Menifee Circuit Court.

A Complaint Against, and An Appeal to, the People of Montgomery County Should be Heeded.

Song and Fragrance and Melody

Bring Cheer and Encouragement to Men.

On Monday of last week we went to Rothwell via K. & S. A. road, and in as much as the railroad connecting Rothwell, Frenchburg and Scranton and other important towns, is not yet built, and as the electric road from Mt. Sterling to Frenchburg and beyond appears only in dim outline in the mind of man, we availed ourselves of passage in the hack of Luther Ringo, covering the distance of about 4.3 miles in about 1.34 hours; fare, 75c, in winter. The summer rate has not been revived.

We occupied a seat beside our friend and former schoolmate, Albert A. Haezlerig, the popular County Judge of Montgomery county. C. C. Turner was assistant director of motive power—the attention of the chief director being partially given in preventing Uncle Sam's mail bags in falling from the pole of the hack.

At McCaussey the small pox is confined to the family of Wm. Miller. He has recovered, but his brother, Fred, who is a visitor from a northern State, has been confined with the disease for two weeks. Two new cases were reported from or near Mariba on Wednesday morning.

OIL WELL.

On the farm of H. P. Maggard, formerly owned by J. G. Greer now of Montgomery, two miles on this side of Frenchburg on state road, an oil well is now being drilled. On Wednesday afternoon the depth was near 1,000 feet. The drilling is in charge of W. C. Reeves and H. K. Young. Dr. Northcott is superintending the work.

CIRCUIT COURT.

Judge Cooper, on account of sickness, had to miss the Rowan Court, was on the bench, yet his voice showed the effect of his severe sickness.

It is a compliment to the people of Menifee that there is but little litigation in the county. The crim-

inal docket is very small. The case against Wm. Stamper which was set for Thursday was the most important.

A Protest.

During our stay until Wednesday at 2 p.m. we did not see any person who was drunk or appeared to be drinking. There was one young married man who was doing a considerable amount of unnecessary swearing and talking—telling things which should have been kept quiet. If we had been the deputy sheriff who was standing by and heard it all, that young man would have been persuaded to keep still but we were not a recognized peace officer. We did not think anybody was in danger of losing life or limb.

Do the readers of THE ADVOCATE know that Menifee county is a local option county? We are pleased to say that from what we heard they, the people, are anxious to keep it that way. There is considerable complaint that the peace and dignity and good name of that section of the county bordering on Montgomery County is being violated because of the presence in Montgomery County of blind tigers dispensing their usual cruces. These are Facts. We regret that our home county is a stumbling block, a mill stone to the people of Menifee in this regard. One of the citizens who talked with the writer said, in substance, that his people had had a hard struggle to free themselves in Menifee from the curse, and it was bad now that they had to suffer because of the indifference of Montgomery officials. So say we. This state of affairs has repeatedly been referred to in our columns. Again we ask: "Who is responsible? Will nothing be done? Can nothing be done in or by the Circuit or County Court and the people to stop this? If there is any hindrance or preventative, let the public know. Is there no appeal? Is there no avenger for the wrongs of an individual or community?"

Do the people have to take into their own hands the avenging of their wrongs, or the protection of their homes and families?

We believe and have taught that the "powers that be are ordained of God" and that they are to avenge the wrongs done to an individual or a community. Are we correct in this? If so, will the protest of Menifee and the appeals of some citizens of Montgomery go unheeded? Time will tell. Has reason fled to brutish beasts, and only men in vice? If this is a complaint, let it be so construed. We enjoy the song of bird and the fragrance of flower; we are in accord with the melody of the morning stars as they sing together, and of the doves as they clap their hands for joy.

We exult in the possibilities of an enlightened, refined and christianized manhood, but we will not close our ears to the cries and appeals of suffering men and women, we will not submit to everything that our demands; we will not be content to see our fellow men addicted, dishonored, enthralled and damned for time and eternity without speaking a word of sympathy and encouragement, or of warning and lament.

OUR ENTERTAINMENT.

During our stay the courtesies and hospitality of the home of J. H. Williams, the lawyer, were extended to us. This was much enjoyed. We spent Tuesday night with J. W. Cravens and wife at McCaussey and paid our respects to Sam Tabor & Co., and R. P. Kash, the merchants.

Since Mr. Cravens has left the railroad office he has dealt extensively in poultry and eggs. Have you thought of the vast amount of freight that will be brought to Mt. Sterling when the K. & S. A. is extended from Rothwell to Hazelgreen or the electric road is built? We stopped for a few minutes at Rothwell and reached home at 5:30 o'clock on Wednesday.

To refuse right responsibility may lie to reject a great reward.

CUBA FREE.

May 20, 1902, is the date fixed for turning over the Island of Cuba to its people. This date should be a memorable one in Cuban history, for it will not only mark the acquisition of full liberty, but will be the Cuban inauguration day, it having been determined that President Palma shall be inaugurated on the same day that American control of the island ceases.

ALL TROOPS TO LEAVE.

There will be no half-way evacuation of the island. The present disposition is to move the entire United States contingent, civil and military, away from the island.

If this programme is not executed it will be for the sole reason that the Cubans themselves, through their authorized official request that the departure of United States troops be delayed for a time. Congress meets Thursday, May 10th.

The Asheville Convention in May.

The next meeting place of the Southern Baptist Convention will be Asheville, N. C., May 15, 1902. This is in the beautiful Western North Carolina Country, appropriately named by the famous wit, Bill Nye the "Land of the Sky." He lived in that section a number of years. It is also the home of Geo. W. Vanderbilt, who spends several months of each year on his vast estate, known as "Biltmore," covering many thousand acres of the beautiful mountains and woodland in the midst of which, and charmingly located, is his six million dollar palace.

It is well enough for those anticipating the trip to Asheville to inform themselves of the best way to reach there. The Southern Railway, which is the only road reaching Asheville, having four lines into that city, extends directly from Louisville through Lexington, Harlan Junction and Knoxville, in connection with the Queen & Crescent Route with through sleeping cars every day to Asheville, leaving Lexington 10:50 a. m. and 10:25 p. m.

It is hoped that there will be a large attendance, especially from Kentucky, and the plan is to operate a through train, or train, as the requirements may make necessary, directly into Asheville, the route being up the valley of the French Broad River, widely known to travelers as one of the most beautiful bits of scenery in this country.

The Southern Railway has been mapping out the details of the trip for some time and full information may be obtained by writing to C. H. Hungerford, D. F. A., 200 Fourth Ave., Louisville, Ky., C. C. Stewart, T. P. A., 89 E. Main St., Lexington, Ky., or any Agent of that line.

DESCRIPTION

Bay stallion, star-nip, hind pasterns white, 15 1/2 hands high, foaled in 1884. A fine, large, well made horse with plenty of substance and quality. An exceedingly well-bred horse, and a high-class race horse. Secured his record in a five-hundred winning race, and was only beaten a head in 2:10 1/4 by but a few feet. ST. VINCENT'S opportunities have not been good; he has but few foals out of good mares. His list of performers are all trotters. He has never started a pace. Lord Vincent 2:08 3/4, is a fine, everything considered, one of the very best trotters of the present day. He was far from being a sound horse, still, even in that condition, he raced better and struggled harder than most horses that are free from soreness. ST. VINCENT will get great trotters, for in the last two years he has had a better class of mares. I like his breeding and am confident that he will sire great race horses.

ST. VINCENT will stand at the stables of the Mt. Sterling Stock Yards Co. at

\$25 to Insure a Living Colt.

Money due when colt comes or mare parted with.

Mares kept from a distance at \$4 per month. Grazing bill due when stock is removed. Not responsible for accidents or escapes.

THE NOVELTY STORE.
A very delightful reception was held at the Christian church on Thursday evening from 7 till 10 o'clock. Fully 300 members of the congregation and Sunday School and a few of their friends mingled in happy converse. The church was beautifully decorated with palms, ferns and cut flowers. The annex was artistically decorated and used as a dining room, where was served a dainty and substantial lunch of sandwiches, salads, wafers, coffee and chocolate.

Lecture Course.
The Hungarians were the last of the series of entertainments given by the Lecture Course. The people are indebted to it for four high class entertainments that it brought to this city. Such entertainments as these should be encouraged by the people who enjoy good and wholesome amusements.

Chas. Reis advertises in this issue high grade buggies and harness. He will make it interesting for any one desiring the best, and ask the people to come and learn prices. RELIGIOUS.

Rev. M. G. Buckner's meeting for his own congregation at Harrodsburg, closed with 35 additions. Communion services will be held at the First Presbyterian Church on next Sabbath morning. Preparatory services on Wednesday evening at 7:30.

At a congregational meeting on Sunday Rev. John Abbott was unanimously called to the pastorate of the Southern Presbyterian church of this city.
The annual congregational meeting of the First Presbyterian church will be held on next Monday morning, April 7th, at 10 o'clock. All members are expected to be present, if possible.

Bishop Burton conducted the usual Easter service on Sunday morning at the Episcopal Church. In the afternoon he preached a very fine sermon, and confirmed a class of six boys. In the evening he preached at midweek.

The Spring meeting of Ebenezer Presbyterian will be held in Dayton Ky., and will be opened on the evening of April 8th with a sermon by Rev. Geo. A. Joplin, theretofore moderator. The Mt. Sterling church will be represented by the pastor and Elder, Dr. Howard Van Antwerp.

Prof. B. A. Jenkins, President of Kentucky University, will begin a meeting at the Christian church in this city next Sunday morning. A cordial invitation is extended to the citizens of the town and county to hear this gifted young man. The following are some of the subjects which will be considered at the evening services, beginning April 8th: The Hope of Glory; An Obsolete Apostle; Thomas, Skeptic and Hero; Singing in Prison and the Night; Repent Ye; The Faith of a Roman; Obeying the Truth; The Threshold of Opportunity; The Son Who Postponed; As Into the Lord; The Patience of Faith; The Unspeakable Gift; Violence to the Kingdom of God.

The special Easter services at the First Presbyterian Church on last Sunday attracted a large congregation. The church was elaborately decorated with flowers appropriate to the occasion. A large choir furnished the music in a manner that not only pleased music lovers, but was also helpful in producing a devotional spirit in every hearer. The choir sang "Lift, Oh! Night" and "Oh! It is Wonderful." Miss Pearl R. Metzger, of Greencastle, Ind., sang "The Great White Throne." The pastor Rev. George A. Joplin, preached a strong sermon from the text, "If a Man Die, Shall He Live Again?" in which he showed that all nature, the physical life of man, and the longings of the human heart, all give a strong presumption in favor of immortality, but that God's revelation gives the assurance that man shall live forever. Another large congregation was present in the evening when the pastor took for his theme, "I Am the Resurrection, and the Life." A feature of the evening service was a solo, "It Was Written," sung by Mr. Gimmett. Much of the credit for the music of the day is due to Mrs. A. L. French, who has had charge of the music for some weeks.

At the brides home in this city on to-morrow evening at 8:30 o'clock, the marriage of Miss Louise Robinson, previously announced in this column, Miss Selma Burton and Mr. John Robinson, of this city, will be married by Rev. H. D. Clark.

HEDGES-THOMAS.
Mr. Simon Hedges and Mrs. Kate Thomas, both of this city, were married Wednesday last at the home of the bride's sister, Mrs. Clark, near Spencer, Rev. W. J. Bolin officiating. Mr. Hedges is the senior member of the firm of Hedges Bros. contractors and builders, and is a worthy young man. The bride is an estimable lady and held in high esteem by all who know her.

GREENE-ROBINSON.
On the 19th of March, Mr. W. W. Greene, County Clerk of Elliott county, was married to Miss Edna, eldest daughter of W. E. Robinson, of Carter county. Rev. D. M. Holbrook, of Elliott county, was the officiating minister. There were about fifty guests to witness the marriage. Mr. Greene and wife will go to homekeeping at Sandy Hook. Mr. Greene is the popular Clerk of Elliott county, and wears his life-partner is one of the best on earth. We wish them a clear sky and smooth sailing through life's voyage.

HOWARD-JONSON.
Mr. Howard Jonson, of Winchester, announced the marriage of his daughter, Miss Louisa Myrtle Johnson, of this city, to Mr. Thomas Hugh Howard, of Oklahoma, Tuesday afternoon, April 17, at 4 o'clock. Miss Johnson has been a resident of this city for the past six months and has by her charming personality won many friends, who, while they regret to lose her from our city, congratulate her on her approaching happiness. Mr. Howard was formerly of Winchester, but now is a prosperous young farmer of Oklahoma, prominent in business circles, and held in high esteem by all who know him. Immediately after the ceremony Mr. and Mrs. Howard will leave for the groom's home in Oklahoma. The writer joins a host of friends of these excellent young people in well wishes for their future happiness.

ANNOUNCEMENT.
Miss C. L. Lane of this county, and Mr. Hunsley Kelley, of Ansonia, Ky., are to be married at Dever, Col. on April 30. Miss Lane is now visiting her sister, Mrs. Robert McConnell, in Dever.

An Attractive Window.
The window arrangement at the grocery of T. K. Barnes & Sons on last Saturday was something out of the ordinary and attracted crowds of people. The large window to the right of the entrance to their double store was arranged to represent a sugar camp. The floor of the window was covered with sand from which grass was growing and in the center was a branch of a large maple tree with the apple in it from which water was dripping into a bucket below. On the right of this was an iron kettle swung on a bar placed in two fork, and being around in artistic arrangement were cakes of pure maple sugar and cans and bottles of maple syrup. Surrounding all this was a row of many-colored Easter eggs, while just behind this arrangement was a large show case filled with strawberries, lettuce, young onions, radishes, etc. All in all it was a fine display and reflected credit on this popular firm.

Souvenir Opening.
Mr. M. R. Hainline and C. E. Bush (late of Winchester) Painters Decorators and Paper Hangers, will on Tuesday, April 26th, have an opening in their room near the Express office on Main street displaying line of designs in artistic designs. Every person attending will receive a souvenir.

DEATHS.

SCOBEE.—R. P. Scobee, Jr., the 13 month old son of Mr. and Mrs. Robt. Scobee, of Winchester, died March 23, of meningitis.

ALISON.—Mrs. Bettie Alison, aged 65 years, died Monday night, March 24 1932, at the home of her daughter, Mrs. L. B. Cockrell, near Wades Mill, in Clark county, after several weeks' illness. She was a native of this county, and a daughter of Mr. and Mrs. Milton Black, who were of best families of Kentucky. Her parents moved to Greencastle, Ind., where she married Mr. Harvey Alison, a native of Burlington county Ky. For 14 years she was a widow, during which time she lived at Greencastle, but spent much of the time in Ky. Recently she came to live with her daughter. She was a member of the Presbyterian church and was an excellent woman. Patiently she bore bereavement. The funeral service was held at the Cockrell home on Wednesday morning, by Rev. George Froh. The burial was in Winchester. The deceased was a sister of Mrs. James D. Tipton, and an aunt of Mrs. A. Bourne, Mrs. C. W. Nesbitt, of our city.

Accident.

James H. Freeman and R. A. Mitchell, of this city, were on last Tuesday morning driving a pair of spirited horses. They were nearing the crossing of the C. & O. over the Spencer pike, and were about fifty feet from the track when they noticed a fast approaching train. It was impossible to cross the track ahead of it in safety and then Mr. Freeman undertook to control his horses. They began to plunge. Mr. Mitchell attempted to jump was thrown out on his head sustaining painful injuries. The buggy was upset, Mr. Freeman was thrown on the running gear and finally after almost disabling man, team and vehicle the horses were quieted and they climbed into the buggy and after going a short distance Mr. Freeman realized he had been seriously hurt in back, side, leg and arm. It was a close call. Mr. Mitchell has about recovered and Mr. Freeman is able to get about with the use of a cane.

In Trouble.
Hon. W. B. G. O'Connell, the next Clerk of the Court of Appeals, is in some trouble. Some friends in Florida has sent him a large alligator, and Mr. O'Connell is at a loss to know just what to do with him. He is in a large tank about 15 feet long and fresh water has to be poured into the tank every morning causing no little trouble and expense. He is a fine specimen but is causing "Sargeant" a great deal of guessing. Mr. O'Connell does not know yet what disposition he will make of his pet but thinks he will let him stay where he is for a few days—in the pure milk at the Clerk's office, where he is viewed daily by numbers of our citizens.

The mysterious appearance of this amphibious, quadrupedal, carnivorous reptile is regarded by Mr. O'Connell as a prognostic of a brilliant campaign and glorious triumph in his approaching race for Clerk of the Court of Appeals.

LAND, STOCK AND CROP ITEMS.

On Saturday hogs sold in this city at 6:10.

W. D. Henry bought of Mrs. Benton Meid 34 1/2 acres improved land for \$1550.

R. M. Eubank, Kidville, has sold to W. R. Beall and J. Finney, his 75 acre farm for \$1,400.

J. Harve Henry, of Judy, on Tuesday sold to R. C. Robertson 39 cattle, about 200 lb. at 53c.

Richard Conner has bought of Misses Jennie and Lizzie Cox their 100 acre farm on Spencer, for \$500.

Winchester Court.—J. A. Ramsey reports about 300 cattle on the market and about all were sold. A good feeling prevailed and prices were sustained. 68 Extra Steers brought 51c; lot of 675-lb. Yearling Steers 41c; twenty seven 700-lb. Yearling Steers 41c; plain 700-lb. steers 35c; 18 Plain 600-lb. Steers 3.87c; ten 500-lb. Good Heifers 4c. Plain Heifers 3.80c, Fancy Fat Cows 4c. Good horses and mules found ready sale at advanced prices.

An exchange says J. H. Burk, of near Lancaster, is making arrangements put in 275 acres hemp this year. He is running twelve turning plows every day and expects a big revenue from this season's crop. The 1932 yield continues to prove itself enormous, and the local buyers are still receiving great quantities. The prevailing price is \$5.50 and the farmers are thereby amassing for themselves large bank accounts.

Elected Officers.

Mt. Sterling Lodge No. 723, B. P. O. Elks, at their regular meeting Thursday night elected the ensuing terms:

BOILS

Boils were one of the afflictions sent to test the patience of the Patriarch Job. And surely if any physical affliction could put a man's patience to the test it would be boils. But the unpleasantness of such an eruption is, after all, the least important thing. The fact of real importance is the impure condition of the blood which causes the outbreak. It is the same with eczema, eczema, salt-rheum, tetter, pimples and other forms of eruptive disease. Behind the discomfort of these diseases is the fact that the blood is corrupt, and corrupt blood is the breeding place of diseases far more serious. Good health and bad blood cannot go together. When the blood is pure disease germs find no permanent lodgment in the system. When the blood is impure they breed in it as maggots breed in garbage.

Dr. Pierce's Golden Medical Discovery purifies the blood and removes the cause of the surface eruptions so that they are cured. It cures eczema, boils, pimples, eczema, salt-rheum, tetter, erysipelas, and other diseases which are the result of the blood's impurity.

"I am glad to say for Dr. Pierce that his medicine has done me more good than all the medicine I have ever taken," writes Mr. Hilary Koons, of Queens, W. Va. "I had had eczema and erysipelas for eighteen years and I heard of Dr. Pierce's Golden Medical Discovery. When I commenced to take his medicine I weighed one hundred and thirty pounds. I have taken six bottles of Dr. Pierce's Golden Medical Discovery and three vials of his 'Pleasant Pellets' and I am glad to say I feel like a new man. I now weigh one hundred and seventy-five pounds. When I had used one bottle of the medicine I noticed it was helping me. I realize that Dr. Pierce's Golden Medical Discovery is the best medicine on earth."

Eruptive diseases, especially those which disfigure the face and hands, are peculiarly hard for a woman to endure. She not only suffers the pain and annoyance caused by the eruption, but she is especially sensitive over the disfigurement caused by the disease. Often it drives her to withdraw herself from society, and makes her constantly unhappy at home or abroad. Dr. Pierce's Golden Medical Discovery has cured many such women and restored the skin to its natural healthfulness and smoothness, after other means of cure had been tried without benefit.

"For about one year and a half my face was very badly broken out," writes Miss Carrie Adams, of 716 West Main St., Baiterslee, Mich. "I spent a great deal of money with doctors and for different kinds of medicine, but received no benefit. At last I read one of your advertisements in a paper, and obtained a bottle of Dr. Pierce's Golden Medical Discovery. Before I had taken one bottle of this medicine I noticed change, and after taking three bottles I was entirely cured. I can well recommend Dr. Pierce's Golden Medical Discovery to any one similarly afflicted."

Of all forms of blood disease eczema is perhaps the most dangerous and most difficult to cure. But the most obstinate cases of eczema have yielded to the faithful use of Dr. Pierce's Golden Medical Discovery. After years of suffering and after all efforts to effect a cure have proved unavailing, "Golden Medical Discovery" has effected a perfect and permanent cure.

"I feel greatly thankful for what your medicine has done for me," writes Mrs. Chas. Hood, of Kalamazoo, Mich. "I suffered with eczema of the head for twelve years. Tried every kind of medicine that I heard of, but found no cure. Every one who looked at my head said they never saw anything like it. With the last doctor employed before applying to you I got worse every day. Was so miserable that I was unable to do any work at all. After taking two or three bottles of 'Golden Medical Discovery' and using the local treatment you prescribed for me I was cured and my head was entirely free from eczema."

Remember, that "Golden Medical Discovery" drives the disease out and not in. It drives disease out of the blood, and so removes the cause of scrofulous and other eruptions. There are medicines which will drive eruptions from the surface of the skin, but leave the blood uncleaned. The result is that the diseased condition continues and it is only a question of time when the disease, which is only smothered, breaks out again. "Golden Medical Discovery" cleanses the blood from its impurities and so builds up the general health. The result is told not merely in the clean, smooth skin, but in the gain of sound flesh, in improved appetite, and in the general healthy feeling which is so commonly expressed in the words, "I feel like a new person."

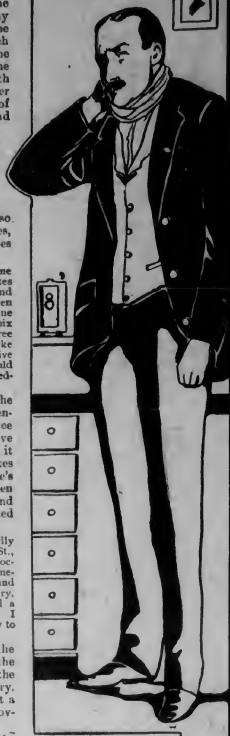

Those who suffer from chronic diseases are invited to consult Dr. Pierce, by letter, free. All correspondence strictly private. Address Dr. R. V. Pierce, Buffalo, N. Y.

The sole motive for substitution is to permit the dealer to make the little more profit and by the use of less unscrupulous medicine. He gains; you lose. Therefore, accept no substitute for "Golden Medical Discovery."

A VERY USEFUL GIFT.

SAN FRANCISCO HARBOR.

Its Wide Dimensions, Depth of Water and Wharfe Facilities.

The harbor of San Francisco is of great extent, says the Call. The area at the foot of San Francisco, exclusive of the basin known as San Pablo and Suisun bays, reckoned to the line of high water, is 257 square miles. Seventy-nine square miles are within the three-fathom contour line and navigable for large seagoing vessels. The anchorage basin proper within the boundaries of the city and county of San Francisco and immediately adjacent thereto embraces an area of 59 square miles. Notwithstanding its great extent, ships riding at anchor seldom damaged by the most violent galestrial rage in the winter months.

The entrance to the harbor between Fort Point and Line Point is five-tenths of a mile wide. The depth of the bar is 35 feet at low water. The average depth at wharf at high water is found to be for 106,400 to 22.92 feet. San Francisco has a depth at wharf of 29.2 feet.

San Francisco has now 38 wharves, averaging 600 feet in length. About 50,000 linear feet are available for the docking of vessels at these wharves and the bulkheads. The capacity will be greatly increased. The possibility of expansion rests in the fact that not only a small part of the water front, comparatively speaking, is in use. The engineering department of the state board of harbor commissioners reports that there are ten miles of water front at which it is feasible to make good moorings, but that only one-third of this has been improved by wharves. The present wharfage can be lengthened, the consent of the United States government having been obtained to lengthen the pier-head line to 809 feet. The legislature of California has also favored the increase of wharfage facilities by this means.

Public Debt of Cities.

Six years ago the debt of Chicago was \$17,700,000, now it is \$26,700,000. The debt of Cleveland was then \$6,100,000; now it is \$9,300,000. The debt of Kansas City then, \$900,000, is now \$1,500,000. Buffalo had \$1,400,000; now it is \$1,500,000. Detroit has increased its debt in the same period from \$2,100,000 to \$4,700,000. Denver from \$2,000,000 to \$3,000,000; Indianapolis, from \$1,900,000 to \$3,000,000; Louisville, from \$3,800,000 to \$8,300,000. New Haven from \$2,400,000 to \$3,500,000; Pittsburgh, from \$8,100,000 to \$10,000,000; Hartford, from \$300,000 to \$3,000,000; Jersey City, from \$1,000,000 to \$1,600,000; Providence, from \$12,000,000 to \$14,000,000; Salt Lake City, from \$2,100,000 to \$3,100,000; Worcester from \$2,500,000 to \$6,000,000.

For Constipation

Some people remain poor because they throw so many bouquets at themselves.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease, and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address, F. J. Lost or Stolen.

The loss of the Bill Farris providing for registration in fifth class town has been discovered by Gov. Beckham. It had passed both houses and was signed by Speaker Finn, but was never reported back to the Senate for comparison and for the signature of the President of the Senate. The theft of a bill is a felony and an investigation of the matter will be made by the Franklin county grand jury at its April term.
